

GEARGRID[®] ATHLETIC

The Storage Solution Experts

The smarter, stronger storage solution for athletic equipment

GridIron Team Lockers

GearGrid's GridIron Locker is the most versatile line of athletic lockers available. GearGrid's patented design promotes maximum air movement, minimizing odor build-up and allowing damp items to dry faster. Above-floor mounting eliminates floor clutter, making cleaning easier than ever. Integrated, hinged seat eliminates the need for additional benches, creating a more open floor plan.

GridIron Team Lockers

Width 15", 18", 24", 30"

Equipment Storage Systems

Suffolk Systems

Miami Systems

Seattle Systems

GearGrid's Equipment Storage Systems provide the ultimate modularity and flexibility for storing uniforms and gear. The ability to lock the Suffolk, Miami and Seattle Systems give you the peace of mind needed when security is important. Alternatively, our wall mount grid panels, wall mount shelving and LA Drying Rack provide storage systems that capitalize on all usable space in your facility. All of our Equipment Storage Systems are manufactured with the same high-strength 1¼" steel tube and ¼" steel wire giving you the rugged durability needed in an athletic facility.
