

# GEARGRID<sup>®</sup> LAW ENFORCEMENT

The Storage Solution Experts

Strategic Solutions for  
Tactical Storage

## Standard Wall Mount Lockers

GearGrid's Wall Mount Lockers are the strongest and most versatile line of law enforcement lockers available. Our patented design promotes maximum air movement, which minimizes odor build-up and allows damp items to dry faster. Above floor mounting eliminates the need for separate base and makes cleaning easier than ever. GearGrid offers complete customization of our lockers to match your design specifications, so you can build your locker system in any combination.

- Width** ..... 18", 20" & 24"
- Depth** ..... 20" & 24"
- Height** ..... 74½"

**Shelves/Hooks:** Two shelves constructed of high-strength ¼" wire, and three apparel hooks per locker

**Adjustability:** Wire shelves adjustable in 3" increments

**Frame:** Heavy-duty 1-¼" tubing

**Side & Back Grids:** High-strength 1-¼" wire

**Secure Door Options:**

- Heavy-duty, welded 1-¼" OD, 16-gauge steel tube with 3" x 3" grid infill
- Heavy-duty, welded 1-¼" OD, 16-gauge steel tube with solid panel (plastic laminate, phenolic or HDPE)

**Name Plate:** 20 GA. sheet metal, accepts 2" x 16" custom printed name plate. 2" x 12" nameplate on Secure Door

**Mounting Brackets:** 11 GA. steel

**Finish:** Durable TGIC powder coat

**Colors:** 9 standard colors

**Assembly:** Ships knocked down for ease of handling and reduced shipping costs

**Shipping:** With simple tools it's fast and easy

## Free Standing Tube Wall Structure

The GearGrid Free Standing Tube Wall Structure (FSTWS) provides an additional and alternative mounting option for our Wall Mount Lockers. The FSTWS uses heavy-duty floor mounting plates to securely attach the frame structure to the floor in any desired location, while maintaining the benefits of typical wall mount installation.

**Size:** Determined by locker layout

**Construction:** Units shall be welded at all applicable joints. Use of fasteners will only be required to allow for knock-down shipping, securing units to mounting surface and on applicable accessories

- Vertical Posts: 4" x 4", .250" wall thickness ASTM A513 steel tube
- Floor Mounting Plates: 1/2" steel plate welded to vertical posts. 3/8" mounting holes as needed \*Note: Mounting plate hole configurations subject to locker layout
- Horizontal Frames: 4" x 4", .1875" wall thickness ASTM A513 steel tube. Frames mechanically fastened to vertical posts with supplied or identified hardware \*Note: If Power Bars (Electric Raceway) are used, top horizontal frame will be 6" H x 4" W, .1875 wall thickness steel tube

**Finish:** Durable TGIC powder coat

**Colors:** 9 standard colors

**Shipping:** Ships knocked down for ease of handling and reduced shipping costs

## Two-Tier Lockers

GearGrid's Two-Tier Lockers are designed with the same benefits and constructed of the same rugged materials as our other durable products. Added locker openings provide space on any wall where full height, individual lockers may not fit. Store more gear and equipment considering GearGrid offers a Two-Tier Locker that is the tallest you will find on the market, providing 84" of overall height.

**Width** ..... 18" & 24"

**Depth** ..... 20"

**Height** ..... 74½" & 84"

**Frame:** Heavy-duty 1-¼" OD, 16-gauge steel tube

**Body Panels:** 3" x 3" square pattern, high-strength ¼" steel wire

**Top, Bottom & Tier Divider:** Full width and depth constructed of high-strength ¼" steel wire. Mechanically secured in a fixed position

### Secure Door Options:

- Heavy-duty, welded 1-¼" OD, 16-gauge steel tube with 3" x 3" grid infill
- Heavy-duty, welded 1-¼" OD, 16-gauge steel tube with solid panel (plastic laminate, phenolic or HDPE)

**Latch:** Heavy-duty, secure, rotary/slam latch with padlock hasp. Lock not included

**Back Grids:** High-strength, ¼" steel wire, 3" x 3" square grid pattern

**Name Plate:** 20 GA. sheet metal, accepts custom printed name plate

### Furring System

GearGrid's Furring System is the ideal solution for mounting to walls with exposed conduit, pipes, or other obstructions. Available in standard wall and floor offsets from 2" to 8" (vertical & horizontal).

### Leveler & Floor Supports

Optional supports are available for our Mobile Locker systems. Available with adjustable supports for placement on uneven, sloping floors and bolt-down supports if you prefer a fixed location.

## Standard Mobile & Free Standing Lockers

GearGrid's Standard Mobile & Free Standing Lockers offer the strength, durability and open design of our original Wall Mount Lockers while adding unlimited placement flexibility. Whether you are short on wall space or simply prefer the portability, these mobile storage lockers let you use any open space for fast, easy access to gear and superior ease of cleaning. Each bank of lockers is mounted to a heavy-duty, welded frame and includes either four locking caster, levelers or floor mounts.

**Shelves/Hooks:** Two shelves constructed of high-strength 1/4" wire, and three apparel hooks per locker

**Adjustability:** Wire shelves adjustable in 3" increments

**Frame:** Heavy-duty 1-1/4" tubing

**Side & Back Grids:** High-strength 1-1/4" wire

**Name Plate:** 20 GA. sheet metal, accepts 2" x 16" custom printed name plate. 2" x 12" nameplate on Secure Door

**Support Options:** 250 lb. capacity locking casters, adjustable or bolt-down supports

**Colors:** 9 standard colors

### Secure Door Options:

- Heavy-duty, welded 1-1/4" OD, 16-gauge steel tube with 1.5" x 1.5", 8 gauge welded wire panel
- Heavy-duty, welded 1-1/4" OD, 16-gauge steel tube with solid panel (plastic laminate, phenolic or HDPE)

**Finish:** Durable TGIC powder coat

**Shipping:** With simple tools it's fast and easy

**Assembly:** Ships knocked down for ease of handling and reduced shipping costs

**Basic 18" (Single Sided)**

**Width** ..... 39" 57" & 75"

**Depth** .....20"

**Height** .....83"

**Config.** 2 pack, 3 pack, 4 pack,

**Standard 20" (Single Sided)**

**Width** ..... 43" & 63"

**Depth** .....20"

**Height** .....83"

**Config.** ..... 2 pack, 3 pack

**Jumbo 24" (Single Sided)**

**Width** ..... 51" & 75"

**Depth** .....20"

**Height** .....83"

**Config.** ..... 2 pack, 3 pack

**Basic 18" (Double Sided)**

**Width** ..... 39" 57" & 75"

**Depth** .....39"

**Height** .....83"

**Config.** 4 pack, 6 pack, 8 pack

**Standard 20" (Double Sided)**

**Width** ..... 43" & 63"

**Depth** .....39"

**Height** .....83"

**Config.** ..... 4 pack, 6 pack

**Jumbo 24" (Double Sided)**

**Width** ..... 51" & 75"

**Depth** .....39"

**Height** .....83"

**Config.** ..... 4 pack, 6 pack

# GEARGRID® LAW ENFORCEMENT

## Personnel Lockers

Our Wall Mount and Mobile Personnel Lockers include all the advantages of our Wall Mount Lockers while adding the flexibility of being either a mobile solution or back-to-back island configuration. Each bank of lockers is mounted to a heavy-duty welded frame and includes either four heavy-duty locking casters, levelers or floor mounts.

**Width** ..... 15" 18", 24" & 30"

**Depth** ..... 30½"

**Height** ..... 70"  
(77" to 80" overall height when mounted)

**Frame:** Heavy-duty 1-¼" OD, 16-gauge steel tube

**Body Panels:** 2" x 2" square pattern, high-strength ¼" steel wire

**Shelves/Hooks:** Heavy-duty Full-width, ¾" plastic laminate, HDPE or phenolic, mounted to side panels with heavy-duty hook mounts

**Adjustability:** Shelves adjustable in 2" increments

**Secure Door Options:**

- Heavy-duty, welded 1-¼" OD, 16-gauge steel tube with 1.5" x 1.5", 8 gauge welded wire panel
- Heavy-duty, welded 1-¼" OD, 16-gauge steel tube with solid panel (plastic laminate, phenolic or HDPE)

**Seat:** Integrated, lifting, full-width and depth seat (¾" HDPE, plastic laminate or phenolic), mounted to heavy-duty hinge

**Back Grids:** (Optional) High-strength ¼" wire

**Name Plate:** 20 GA. sheet metal, accepts custom printed name plate

**Mounting Brackets:** W11 GA. steel wall mount brackets and heavy-duty fixed or adjustable floor mounts

**Assembly:** Ships knocked down for ease of handling and reduced shipping costs

**Finish:** Durable TGIC powder coat

**Colors:** 9 standard colors

**Shipping:** Ships knocked down for ease of handling and reduced shipping costs

## Suffolk and Miami Systems

GearGrid's multi-functional Suffolk and Miami Systems are designed for safe gear storage and transport. Now available in fixed and mobile configuration options, the system's versatility allows for storage of both equipment and duty bags, with the added flexibility of shelf adjustability in 3" increments. The system's heavy-gauge, square tube frame construction is finished with a durable, interior/exterior grade TGIC powder coating.

### Miami

**Width** .....49½"

**Depth** .....31"

**Height** .....74½"

### Suffolk

**Width** .....49½"

**Depth** .....31"

**Height** .....82"

- Ideal for secure trailer storage
- Floor mount and wall mount options available
- Versatile system ideal for equipment and duty bags
- Four point locking system provides added security
- Stores up to four large duty bags
- Available with or without Secure Doors (padlock hasp when doors are ordered)

**Frame:** Heavy-duty 1-¼" steel square tubing

**Base & Back Grids:** High-strength ¼" wire

**Casters:** Locking casters handle up to 950 lbs. each

**Shelves:** High-strength ¼" wire

**Finish:** Durable TGIC powder coat

**Colors:** 9 standard colors

**Assembly:** With simple tools it's fast and easy

**Shipping:** Ships knocked down for ease of handling and reduced shipping costs

**Power Bar**

Add Power Bar to the Slinger for easy access to electrical outlets for your power tool needs  
 \*Note: Does not require UL approval. Please check with appropriate officials regarding local requirements.

**Locking Casters**

Locking casters handle up to 950 lbs. each

**Slinger Workstation**

The GearGrid Slinger Workstation features a heavy-duty work surface, as well as safe storage and convenient, easy access to tools and equipment. Interchangeable, adjustable, flat shelves for tools and supplies, are also available.

**Slinger Workstation Small**  
 Width .....51"  
 Depth .....30"  
 Height .....41"

**Slinger Workstation Large**  
 Width .....75"  
 Depth .....30"  
 Height .....41"

**Slinger Topside Wall-Mount Shelf**

Gear bags, tool cases or extra storage for just about anything. This heavy-duty shelf features tubular steel framing with gusseted support wires and boasts a weight capacity of 150 lbs.

- Available in 4' and 6' widths
- Shelves are 18-5/8" deep

**Slinger Wall-Mount Tool Grid**

Fast, convenient tool access and storage, easily configured to meet your specific needs. Mounts quickly and easily with four wall mount brackets.

- Available in 4', 5' and 6' widths

**Combined Mobile Workstation**

This modular workstation features an attached back tool grid, topside shelf and work surface for true mobility and convenience.

- Select from four work surface options (stainless steel, black laminate, graphite laminate or butcher block)
- Add Power Bar to the Slinger for easy access to electrical outlets for your power tool needs
- Available in 4', and 6' widths by 80½" tall, with tool hangers and a four-prong rack included as standard
- Additional hangers and racks available

## Weapons Storage System

GearGrid offers a variety of secure weapon storage solutions, including our Seattle and Miami storage systems. Constructed of durable steel, outfit the units with adjustable barrel supports and gun stock protective trays for long-gun storage. Adjustable handgun storage options are also available.

### Seattle Storage System

with 3 individual locking compartments

**Width** .....75"

**Depth** .....32"

**Height** .....82"

### Miami Storage System

with one large compartment secured with French style doors

**Width** .....49½"

**Depth** .....31"

**Height** .....74½"

**Frame:** Heavy-duty 1-¼" tubing

**Side & Back Grids:** High-strength ¼" wire, 3" x 3" square grid pattern

**Shelves:** Adjustable in 3" increments

**Secure Doors: (Optional)** 1-¼" heavy-duty tubing with high-strength ¼" wire, 3" x 3" square grid pattern

**Casters:** Locking casters handle up to 950 lbs. each

**Finish:** Durable TGIC powder coat

## Seattle Equipment Storage System

The Seattle Equipment Storage System provides three storage openings each 24" W x 32" D x 72" H. The Seattle is available in a mobile platform or it can be floor mounted if a fixed location is desired. Hang-bars can be added for hanging gear and flat shelves can be mounted in each opening for additional storage and are adjustable in 3" height increments.

- Available with or without Secure Doors (padlock hasp when doors are ordered)
- Outfit the Seattle with flat shelves or hang-bars to create a modular storage system
- Adjustable shelves in 3" increments
- Durable steel construction with tough powder-coat finish

### Seattle System

**Width** .....75"  
**Depth** .....32"  
**Height** .....82"

**Frame:** Heavy-duty 1-1/4" steel square tubing

**Base & Back Grids:** High-strength 1/4" wire, 3" x 3" square grid pattern

**Secure Doors:** 1-1/4" heavy-duty tubing with high-strength 1/4" wire, 3" x 3" square grid pattern

**Casters:** Locking casters handle up to 950 lbs. each

**Finish:** Durable TGIC powder coat

## DVR System

The Drowning Victim Recovery (DVR) Drag System aids in the quick recovery of drowning victims, particularly in rivers or other areas with limited visibility or other challenges, using standard watercraft and limited personnel and resources. More than hardware alone, the system provides a comprehensive recovery method that has proven successful time and time again.

### 3-Boat DVR Drag System Includes:

- Three Heavy-Duty DVR Drag Bars with durable powder coat finish
- 18 No. 12/0 Treble Hooks with Duratin finish
- 18 S-Hooks
- Three 50', 1/2" double-braided nylon ropes
- Three snap swivel connectors

### 5-Boat DVR Drag System Includes:

- Five Heavy-Duty DVR Drag Bars with durable TGIC powder coat finish
- 30 No. 12/0 Treble Hooks with Duratin finish
- 30 S-Hooks
- Five 50', 1/2" double-braided nylon ropes
- Five snap swivel connectors

## Dive Locker Deluxe Storage System

GearGrid's Dive Locker Deluxe offers the proper storage and drying of dive gear, including wet suits, dry suits and other oversized protective gear, such as CBRN. With its patented extended shock system, oversized gear is allowed to fully extend ensuring proper drying and storage resulting in longer lasting gear. Extended shock dive hanger can be purchased separately and/or used with other select GearGrid products.

- Unit available with or without doors
- Shelves are adjustable in 3" increments
- SCBA and flat storage shelves available with system

### Dive Locker System

**Width** .....75"

**Depth** .....32"

**Height** .....82"

(Storage Module Only)

**Frame:** Heavy-duty 1-1/4" steel square tubing

**Side & Back Grids:** : High-strength 1/4" steel wire

**Secure Doors:** 1-1/4" heavy-duty tubing with high-strength 1/4" wire, 3" x 3" square grid pattern

**Casters:** Locking casters handle up to 950 lbs. each

**Gas Shock:** 90 Lb. gas strut spring damper shock

**Finish:** Durable TGIC powder coat

**Color:** 9 standard colors (custom colors also available)

## Broom Center & Wash Center

GearGrid's Broom Center & Wash Center are made of durable steel with a resilient powder coat finish. This system helps organize and extend the life of your cleaning supplies.

**Height ..... 25¼"**  
**Length Available in 4', 5' & 6'**

### Broom Center Includes:

- 4' Unit: 3 Large Tool Hangers & 1 Four-Prong Rack
- 5' Unit: 4 Large Tool Hangers & 1 Four-Prong Rack
- 6' Unit: 5 Large Tool Hangers & 1 Four-Prong Rack

### Wash Center Includes:

- 4' Unit: 3 Large Tool Hangers & 1 Four-Prong Rack
- 5' Unit: 3 Large Tool Hangers & 2 Four-Prong Racks
- 6' Unit: 4 Large Tool Hangers & 2 Four-Prong Racks

**Frame:** Heavy-duty tubing and ¼" wire grid

**Finish:** Durable TGIC powder coat

**Color:** 9 standard colors (custom colors also available)

**Assembly:** With simple tools it's fast and easy

**Shipping:** Ships knocked down for ease of handling and reduced shipping costs

**Broom Center**

**Wash Center**

## Vehicle Detail Center

The GearGrid Vehicle Detail Center turns your space into an organized and efficient environment. Keep your wash, maintenance and cleaning materials in one convenient location.

**Width ..... 33"**  
**Depth ..... 20"**  
**Height ..... 54½"**

**Frame:** Heavy-duty 1-¼" steel tubing

**Shelves:** High Strength ¼" steel wire

**Side & Back Grids:** High strength ¼" steel wire

**Casters:** Locking Casters handle up to 200 lbs. each

**Finish:** Durable TGIC powder coat finish

## LA Drying System

GearGrid's LA Drying System provides organized storage and is ideal for drying damp garments. Its heavy-gauge construction includes eight gusseted corner brackets and reinforced base frame. The system also includes a stainless steel hang-bar.

**Width** ..... 72"  
**Depth** ..... 20"  
**Height** ..... 81½"

**Base & Frame:** Heavy-duty 1-¼" steel tubing

**Grids:** High Strength ¼" steel wire

**Casters:** Locking Casters handle up to 950 lbs. each

**Finish:** Durable TGIC powder coat finish

**Colors:** 9 standard colors

**Assembly:** With simple tools it's fast and easy

**Shipping:** Ships knocked down for ease of handling and reduced shipping costs

Armor-Edge®

Steel Supports

## Law Enforcement Bench System

The GearGrid Law Enforcement Bench's rugged construction coupled with a rich-wood look makes it a perfect addition to any facility. Well-balanced and supported, the bench provides a solid and safe seating platform.

**Size:** 6' L x 2' W

**Frame:** Heavy-duty steel tubular frame system

**Top:** 1-5/8" MDF Core Laminate with ultra-durable edge treatment

**Finish:** Durable TGIC powder coat

**Colors:** 6 standard colors

**Assembly:** With simple tools it's fast and easy

**Shipping:** Ships knocked down for ease of handling and reduced shipping costs

### Accessories

**GearDryer™**

Our GearDryer is a stainless steel hanger that holds a jacket open.

**GearHanger™**

GearHanger is a horizontal hanging rod with long-lasting stainless steel construction.

**HeavyHanger**

Our HeavyHanger is constructed of 1/4" stainless steel.

**SecureBox™**

The SecureBox provides a safe location for personal items. Large – 6" W x 12" H x 12" D

**SecureBox™**

The SecureBox provides a safe location for personal items. Regular – 6" W x 6" H x 12" D

**\*Power Bar™**

GearGrid's Power Bar adds an electric receptacle to each locker. Can be installed on both new and existing systems. Electrical service, receptacle outlet wiring supplied by customer's licensed electrician.

Available for:

20" and 24" Wall Mount and Mobile Lockers  
4' and 6' Slinger Workstations

\*Note: Does not require UL approval. Please check with appropriate officials regarding local requirements.

### Stow-Away Seat™

The GearGrid Stow-Away Seat folds into the locker for compact storage. Has a capacity of 250 lbs. and is available for new and existing systems.

\*Note: Cannot be used with Secure Door

### Top-Side Storage™

GearGrid's Top-Side Storage allows you to store bulky items on top of lockers. Can be installed on new and existing systems.

\*Note: Cannot be used with Secure Door

### Helmet Holder™

GearGrid's Helmet Holder is an innovative yet simple accessory that protects ratcheting headgear, and is powder coated for long-lasting durability.

\*Note: Not recommended to be used with Secure Door or Top-Side Storage

## Locker Shields

GearGrid's Locker Shields are ideal for protecting gear from dust and debris between uses, or to deter removal of gear in shared-use facilities. Shields protect gear from harmful UV rays, helping prolong the life of your gear.

**Fabric:** Durable, 9.25 oz. 100% polyester Aqualon Sewn with UV resistant polyester thread

**Colors:** Blue, Red, Black, Grey

**Printing:** Custom logos available; 13" and 24" width options

### Total Coverage Locker Shield

- Available for new or existing Mobile Lockers (Custom sizes also available)
- Available for new or existing Mobile Lockers

### Endcap Locker shield

- Available for new or existing Mobile Lockers (Custom sizes also available)
- Heavy-duty 1/4" internal wire support
- Secures with built-in Velcro straps

### Topside Locker shield

- Available for new or existing Mobile Lockers (Custom sizes also available)
- 1 1/4" heavy gauge tubular frame
