

For basic step-by-step installation of the Helmet Holder™, there are two wire form components that need to be assembled, an inside piece and an outside piece as shown below.

INSIDE COMPONENT

OUTSIDE COMPONENT

**Step 1:** Place the outside piece on the bottom and set the inside piece in place.

**Step 2:** Slide the outside piece up and over the inside piece to fit together as shown below.

**Step 3:** Take assembled Helmet Holder™ and squeeze the pieces together to set in position on the shelf.

**Step 4:** Now spread the pieces back to original form to lock into the shelf.
